UNIVERSITY

Macquarie Year 12 Online Info Session Webinar

Macquarie University invites you to join us for our **Year 12 Online Information Session** on Wednesday 20 May 2020 at 6pm for a series of short talks from our staff and current students. Our Future Students team will also be on hand to answer all your questions.

We'll cover everything from our admissions process to how we prepare you for the workplace through initiatives such as our PACE (Professional and Community Engagement) program.

Don't miss this opportunity to find out more about our early entry programs, courses, scholarships and everything Macquarie.

Parents are welcome to register and join the online session.

<https://app.livestorm.co/macquarie/mqsc-year-12-online-information-session-webinar>

Macquarie University Q&A Series

Every Tuesday and Thursday starting Tuesday 12 May, 4pm-5pm

We're bringing Macquarie University to you!

This virtual Q&A series gives you the chance to ask our student ambassadors any question you like. With a different topic every session, select one or multiple dates to attend. Topics include early entry, adjustment factors, accommodation, university life, scholarships and courses you can study.

https://macquarie.zoom.us/webinar/register/WN_c0HhpBigTLmWEUoHYhz49g

University of Newcastle Parent Info Session

13 May. 6pm

We invite parents to join us via Zoom webinar to hear from our expert staff on the following topics:

- How to Apply
- Admissions 101
- Our Pathway Programs
- Student Services and Support

Plus there will also be plenty of time to ask questions!

<https://www.newcastle.edu.au/events/future-students/parents-info-session>

University of Newcastle - HSC Subject Support – Physics, Chemistry, Economics, Biology

From 11 May to 20 May. 7.30pm

The sessions will provide students with an opportunity to connect with experienced teachers and HSC exam markers to cover a range of curriculum areas. Students will learn and revise, practice exam style questions and have the opportunity to ask questions of the experts.

https://www.newcastle.edu.au/events/future-students?result_40254_result_page=1

Online Guides from the University of Sydney

The University of Sydney has Undergraduate, Year 10, Aboriginal and Torres Strait Islander and International Guides available online now. Check them out at:

<https://www.sydney.edu.au/engage/schools/career-advisers/publications-and-resources.html>

University of Sydney - All things Sydney

If you are interested in studying with us here at the University of Sydney but don't know where to start, then this webinar is your first stop. We will touch on a broad range of areas including our degrees, studying overseas, the student experience and how to apply.

12 May 4pm

https://uni-sydney.zoom.us/webinar/register/WN_3dtul0n6TI-IsG_Ie5MA-A

19 May. 4.45pm

https://uni-sydney.zoom.us/webinar/register/WN_4rDoW8pVSRKvC96QLff3w

University of Sydney - Student Stories

19 May. 5.30pm

Get to know one of our students and hear about their university journey. From surviving Year 12, to choosing the right course, and everything that follows. This is your opportunity to learn from those who have been in your shoes.

In this session you will be introduced to Jett who is studying a Bachelor of Science (Advanced).

https://uni-sydney.zoom.us/webinar/register/WN_hQsUOeiESvauaSFloamupg

University of Sydney – Accommodation

12 May. 5.30pm

So, you need a place to stay? Join us for this webinar which will provide a broad overview of all the accommodation options available to our students including university residences, residential colleges, independently run student housing, and more.

https://uni-sydney.zoom.us/webinar/register/WN_aMr8QPD8TkCReRhIYuB6Tw

University of Sydney - Meet a Business Student

13 May. 4pm

Want to know what studying Business is really like? Now's your chance. Whilst this Q&A will have a focus on business, these sessions are designed for you to ask our students anything you'd like about studying here at the University of Sydney.

https://uni-sydney.zoom.us/webinar/register/WN_u8GC6QzURv29XBUC8pSGRw

University of Sydney – HSC Study Help Modern History

18 May. 5.30pm

Dr Rohan Howitt will cover practical advice for studying and revising for the HSC, structuring sophisticated written responses, analysing sources, and accessing online resources to support your study for Modern History. Dr Howitt has extensive experience teaching Australian History, International History, and Global History at the University of Sydney and University of Wollongong.

https://uni-sydney.zoom.us/webinar/register/WN_TObrIYJRk2neYdnli0xhA

University of Sydney - Year 10 information sessions

Join one of our informative and entertaining online sessions for Year 10 students. A range of staff and student speakers will answer these important questions:

- How does scaling work? What should you consider when selecting your subjects for Year 11 and 12?
- What are prerequisites and assumed knowledge?
- What is university really like?

Register for an upcoming information sessions:

20 May. 12.30pm:

UTS Girls in STEM

15 September

This one-day event provides an opportunity for female students to explore different areas of Science, Technology, Engineering, Design and Building. Students participate in a range of hands-on activities plus they get an inside look at life as a student and professional in the STEM.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/events/uts-girls-stem-september-2020>

UTS STEM Day

19 November

This one-day event provides an opportunity for students to explore different areas of Science, Technology, Engineering and Design. Students take part in hands-on workshops, presentations and discussions with current students and people in STEM industries. Learn all about possible study and career options plus get an inside look at life as a student and professional in STEM.

This program is free and is for students in years 9–12

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/events/uts-stem-day-november-2020>

UTS - Bachelor of Information Technology Co-operative Scholarship

Closes 6 September

Are you at the top of your game? With the Bachelor of Information Technology (BIT), you'll join a cohort of high achieving students who are passionate about using technology to drive business outcomes.

The BIT is a three-year, fast-tracked IT course that's been designed to mentor the next generation of IT and business leaders.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/bachelor-information-technology-co-operative>

Here's what you need to do:

Submit your UTS BIT online application

Complete the [UTS BIT online application form](#).

Submit your UAC application (applications open in August, if not earlier)

Nominate the Bachelor of Information Technology (UAC code 603210) as one of your preferences with the [Universities Admissions Centre](#) (opens external site).

Attend an interview

If you've submitted a strong application, we'll invite you to attend a face-to-face interview at UTS.

Apply here:

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/bachelor-information-technology-co-operative/how-to-apply/apply>

UTS - Discover What Engineering is All About

11 May. 4pm webinar

Engineering is all around us. From the infrastructure of our cities to robotics, personal electronics, renewable energy, Opal Card system and medical devices.

[Register for this webinar](#) to learn about the various engineering courses offered at UTS, the subjects involved and engineering career opportunities after graduating.

Hear from key academics about what it's like to study engineering at UTS and how best to prepare.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/online-events/engineering-undergraduate-students/uts-engineering-overview>

UTS Undergraduate Law Information Session Webinar

14 May. 5.30pm

Join this webinar to find out about:

- Applying to study at UTS
- Stand-alone Bachelor of Laws (LLB) and Combined Law Degrees
- [Legal Futures and Technology Major](#) - first major of its kind in Australia
- Experiential learning
- Entry pathways
- Law scholarships
- Student life from current Law students

<https://www.uts.edu.au/about/faculty-law/events/law-undergraduate-information-webinar>

UTS – Discover What Biomedical Engineering is All About

14 May. 4pm

[Register for this webinar](#) and learn how biomedical engineering is driving revolutionary technological advances, transforming healthcare delivery and extending the quality and longevity of lives. Join us to gain an insight into what Biomedical Engineering is all about and find out if it's right for you. Hear from key academics about what it's like to study Biomedical Engineering at UTS and how best to prepare yourself.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/online-events/engineering-undergraduate-students/intro-biomedical-engineering-uts>

UTS – What Computer Science is All About

18 May. 4pm

With an emphasis on next-generation technologies, computer scientists solve deep problems in computing. They theorise, design, develop and apply computing and software for advanced programs.

[Register for this webinar](#) to gain an insight into what computing science is all about and find out if it's right for you. Hear from key academics about what it's like to study computing science at UTS and how best to prepare.

ACU Short Courses

Select from a range of online short courses to support anyone. They are committed to helping you take positive steps towards a bright future. Register your interest below and they will keep you updated as their courses develop.

<https://www.acu.edu.au/study-at-acu/find-a-course/online-short-courses>

ACU Impact

ACU Impact is packed with articles published by ACU such as 'How to Decide on a Uni (When you can't visit a campus)?'.

<https://www.impact.acu.edu.au/future-student/how-to-decide-on-a-uni-when-you-cant-visit-the-campus?home=true>

Uni 2 Beyond – For Disability

Uni 2 beyond supports people with an intellectual disability to study courses for interest and take part in university life. You can study some subjects at the university without enrolling in a degree.

<https://cds.org.au/about-uni-2-beyond/>

Pre- Uni Confidence Booster Advice – 5 Tips

As I was sitting down to write this blog, I very quickly started to doubt my abilities and worry whether or not I could do it well. Knowing I was writing for an audience of university students took me back to my own time at university, a time when I was flooded with conflicting feelings and emotions about my level of self-confidence. Sometimes I felt confident and sure of myself when studying for an exam or submitting an assignment, while at other times I felt like I was never going to get through it (which I eventually did).

<https://social.usq.edu.au/wellbeing/blogs/boost-self-confidence-cathy>

CQUniversity to You - Online Resources

For the latest information and study options at CQUniversity, CQU have launched their new High School to Uni page. Explore the virtual ways you can engage with CQUniversity, find out about online study options and student support, including the Principal's Recommendation Scheme. You can book an appointment, watch video resources, and read up on study options and pathways. Visit

cqu.edu.au/highschool

An Online US & UK University Discussion

Are the SATs cancelled? What can I do about my extracurriculars? Have universities changed their admission deadlines? There are a lot of questions about US & UK universities - get answers to your questions in this weekly chat with Crimson advisors. Join the free weekly discussion by registering here:

<https://bit.ly/3bhRcis>

Looking To Study In The US/UK?

Aiming to study overseas at top universities such as Oxford, Harvard, Yale, Cambridge and more? Visit Crimsons US/UK Online Expo page, filled with resources and webinars to help you take a leap in the right step.

Avondale is Sponsoring a Free Wellbeing Program

As Australia's leading provider of wellbeing higher education, Avondale University College is sponsoring free access for individuals and schools to participate in an award-winning and evidence-based wellbeing initiative called The Lift Project:

Individuals go to:

<https://www.theliftproject.global/thanksavondale/>

Schools go to:

<https://www.theliftproject.global/group-enquiries/>

TAFE - Destinations Australia Scholarships for Australian students

Destinations Australia Scholarships are funded by the Commonwealth Government, and are designed to attract and support students who choose to live and study in regional communities. Each Scholarship provides \$15,000 per student, per year to meet the costs associated with relocating, living and studying in regional Australia.

<https://www.tafensw.edu.au/scholarships/DestinationAustralia>

NECA Resources

NECA have put together resources to help Students prepare for Aptitude tests in the electrical Industry:

<https://www.necatrainng.com.au/maths-in-the-electrical-trade/>

Tocal College Farming and Agriculture Fee Free Traineeships

Smart and Skilled training will be fee free for NSW trainees and school based trainees who commence their traineeship qualification on or after 1 January 2020 through the Smart and Skilled Fee Free Traineeship Initiative. Under this arrangement, the Department will pay the full student fee to the provider on behalf of the trainee. The subsidy will therefore cover the total cost of the training (i.e. the qualification price). Fee free training will be available to commencing trainees for four years, until 31 December 2023. Trainees will be eligible for up to three fee free traineeships over the duration of the initiative.

<https://www.nsw.gov.au/news-and-events/news/fee-free-traineeships-from-2020/>

More information about traineeships offered by Tocal College can be found here <https://www.tocal.nsw.edu.au/courses/traineeships>

Take Leading Aussie Agriculture to the World

Apply 10 May

If not this year, plan for 2021. Applications for the 2020 BBM Global Industry Scholarships of \$8,000 are now open for travel in 2021.

The BBM Global Agriculture Scholarship is your opportunity to go overseas, to follow your passion, explore the possibilities and create the career you love. To apply for an Agricultural scholarship, you need to have (or be completing) your Certificate IV.

Tocal has a long history of Cert IVs applying and being successful with this scholarship. If you are interested, we can connect you with past applicants to talk about where they went, what they did and how that has helped them.

To be eligible for a BBM Global Industry Scholarship and travel in 2021 you must meet the requirements below.

- You must be aged between 17 and 23 on 30 June 2020 and 18 years or older by the time you travel
- You must be an Australian citizen or permanent resident
- You must be able to leave Australia for your scholarship before the 31st of December the year following your application, make satisfactory arrangements to pursue your objectives, including obtaining any visas you may require, confirm that you will not use your scholarship to fund overseas school fees and associated travel (however, short term workshops are eligible), complete a minimum of 20 days of industry-related activities overseas.

<https://www.bbm.asn.au/>

COLLEGES

New Event Foundation Online Course

Event Foundation. 6 weeks online. A new program from College of Event Management. Ever wondered what an event manager actually does? This short course is designed for those who might be considering event management as a career option. More info here:

<https://www.collegeofeventmanagement.com.au/courses/event-foundation/>

How to become a Chartered Accountant

Becoming a Chartered Accountant (CA) could set you up to thrive in business in different parts of the world. It's a highly regarded professional qualification with international recognition. CAs can work in a wide range of exciting and challenging careers. If you'd like to join their ranks, here are the steps:

<https://www.youunlimitedanz.com/about-ca/how-to-become-a-ca>

Where Being a Chartered Accountant Can Lead You

- Want to work anywhere in the world? The CA designation could be your passport to an international career
- Want to be in demand by top companies? Improve your chances of being head hunted by top employers throughout your career
- Want to be globally recognised? Join one of the globe's top ten leading accounting bodies and connect to a 1,000,000 strong global knowledge network.

<https://www.charteredaccountantsanz.com/become-a-member/why-ca/where-a-ca-could-lead-you>

How to Become a Teacher Step by Step

HSC students, this is your step-by-step guide to becoming a teacher in a NSW public school. Decide what type of teacher you would like to become.

Note: Becoming a qualified teacher in a high-demand subject area would increase your chances of gaining employment in NSW public schools.

Find out what teacher education course you will need to complete in order to become the type of teacher you want to be. You may need to study specific subjects in high school in order to gain entrance to the university degree you choose to study. Your school's careers adviser should be able to help you select the subjects you need to study.

Note: To teach in NSW public schools, you will need to complete teacher education studies at a recognised Australian university or tertiary institution.

Read more here:

<https://www.teach.nsw.edu.au/becomeateacher/hsc-students>

Connect with teach.NSW

Do you have questions about teaching careers with the NSW Department of Education? Go to the teach.NSW YouTube page at the link below. There you can hear current teachers share their experiences of: receiving a scholarship, commencing their career and working in NSW public schools. You can also follow teach.NSW on Facebook or Instagram @teachnsw to be notified when scholarships for future teachers open later this year.

What Does a Marine Biologist Look Like?

Inspire your students to pursue marine biology at UTS Science, with this great short video of UTS graduate Justin Tierney. Justin currently works at Port Stephens Fisheries Institute as a Fisheries Technician. He says participating in field trips to Heron Island and Stroud in his degree helped to reinforce the theoretical knowledge he learnt in class.

<https://youtu.be/jgRk1eLxxjk>

Great Video on being a Youth Worker

Youth work is a career that involves working for and with young people in a variety of ways. The key thing that differentiates a youth worker from other community service workers is that young people are their primary focus. It's about ensuring young people feel supported in developing skills needed to make positive changes in their lives.

<https://www.youtube.com/watch?v=Xe0POZZeV44>

Beyond Blue Youth

Going through tough times?

Stress, anxiety and feeling down can affect anyone, and in fact happens to a lot of us at some point in our lives.

We all have good days and bad days. However, if you're feeling sad, down or anxious and these feelings have started to affect what you would normally enjoy, then it's important to know [what's going on](#) and [what you can do about it](#).

Main 5 Questions to Expect in Your Next Job Interview

Job interviews are one of the more nerve-wracking experiences going around, particularly for university graduates. Polishing your resume, drafting cover letters and building a portfolio can be taxing, and that's before you even get to the interview stage. To give you a heads up, we've compiled a list of questions that tend to be asked in almost every interview, and provided some tips on how best to respond.

Study Abroad

StudyAbroad.com has a fantastic way for you to search for Study Abroad Programs by level, type and country. It's easy and visual so you won't get lost. We will walk you through it.

Search by program level; choose:

- Gap Year
- High School
- Undergraduate
- Graduate

Search by program type; choose:

- *Intern Abroad* - Gain vital job or business skills is important to you.
- *Volunteer Abroad* - A week, a month or a year, in the type of volunteer work that would be meaningful.
- *Teach Abroad* - Get specific; search by country, duration and even audience.
- *Intensive Language* – If immersing yourself in a foreign language.
- *Full Degree Abroad* – If studying overseas appeals to you, but for an extended period, find associates degrees, courses, diplomas, undergraduate and graduate certificates, bachelors, masters and doctorate degrees by country and specialty.

On Line Study – Do's and Don'ts

If you think online study means attending classes in your pyjamas and harbouring snacks at your side while you study... then yes – you can absolutely do that.

In fact, if you've recently moved from traditional study to online study, do whatever will keep you motivated. Dr Adam Brown has taught digital media and communication through Deakin's Cloud Campus for a number of years, and says motivation is a recurring theme among his students.

Business Cadetships

Consider the possibilities: A Job in Business or Technology, Earning an Income and Learning from a Business Leader while also at University and Extension of Application Deadline

Applications now close on: 22 May 2020 (formerly 13 May)

Open to Year 12 students who are interested in business as well as those interested in technology. Cadets combine university study with paid work at **UBS**, a top-ranking global bank.

The Program provides cadets with a wonderful opportunity to launch their business career. Business Cadets can choose from a broad range of university degrees, including Economics, Commerce, Business, Computer Science & Technology, Actuarial Studies, Mathematics, Arts and Social Sciences.

The application process requires the student to apply online. When you lodge your Application Form, you are prompted to download a letter and to take (or send) this to your Careers Adviser or equivalent. The letter contains a secure URL and login details for the staff member to write the School Assessment.

The deadline for both the student's Application Form and School Assessment is the same date: now Friday 22 May (Week 4 of Term 2).

Athletics Australia Support

Athletics Australia is committed to providing support to athletes as they progress towards senior representation. There are a number of programs, supported by Athletics Australia and our partners, that aim to assist athletes on their progression through this pathway:

Target Talent Program

Athletics Australia provides national oversight for the national curriculum and coaching design and development for the Target Talent Program, including education sessions for athletes, parents, and coaches to assist athletes along the pathway to senior representation. The TTP program itself is run by the local state Member Associations, except in WA, where the program is run out of the Western Australian Institute of Sport (WAIS). Selection for TTP is arranged and organised by each state-based association. There is no TTP program currently being delivered in NT.

6 Pandemic-fighting STEM Careers in Public Health

In the last few months, the [coronavirus](#) (COVID-19) pandemic has turned the world as we know it upside down. The virus, originating in China, has spread to almost 200 countries and six continents – and has already claimed [30,000+](#) lives.

Helping to minimise the spread and [flatten the curve](#) is everyone's job, but there are a number of specialised STEM professionals working harder than ever to find cures, treat patients and mine valuable data.

Here, we look at six STEM + health careers dedicated to fighting COVID-19 from the front line.
