WSU Early Offer - True Reward

Opening Soon – Register now here

Our HSC True Reward early offer program will give school leavers much-needed peace of mind, offering students entry into university based on their Year 11* results or Year 12 results. HSC True Reward was first launched in 2017, providing students an early offer into Western based on HSC results, instead of a scaled ATAR, following analysis showing subject performance is a robust key performance indicator of student success. This year, we're introducing offers based on Year 11 results to ensure COVID-19 doesn't derail students hard work in preparing for their HSC.

Another exciting new innovation to the True Reward program this year, is the inclusion of the University's Alpha platform – a ground breaking digital experience that provides tailor-made content for students based on personal and professional development needs and goals. Alpha's Edge Playlist is a playlist of learning activities that will assist students with career decision making and prepare them for university.

Applications are opening soon for 2021. Register your interest below to stay updated with key information.
